TWIN PEAKS INTERCHANGE UPDATE

The following traffic impacts and activities will take place:

INTERSTATE 10

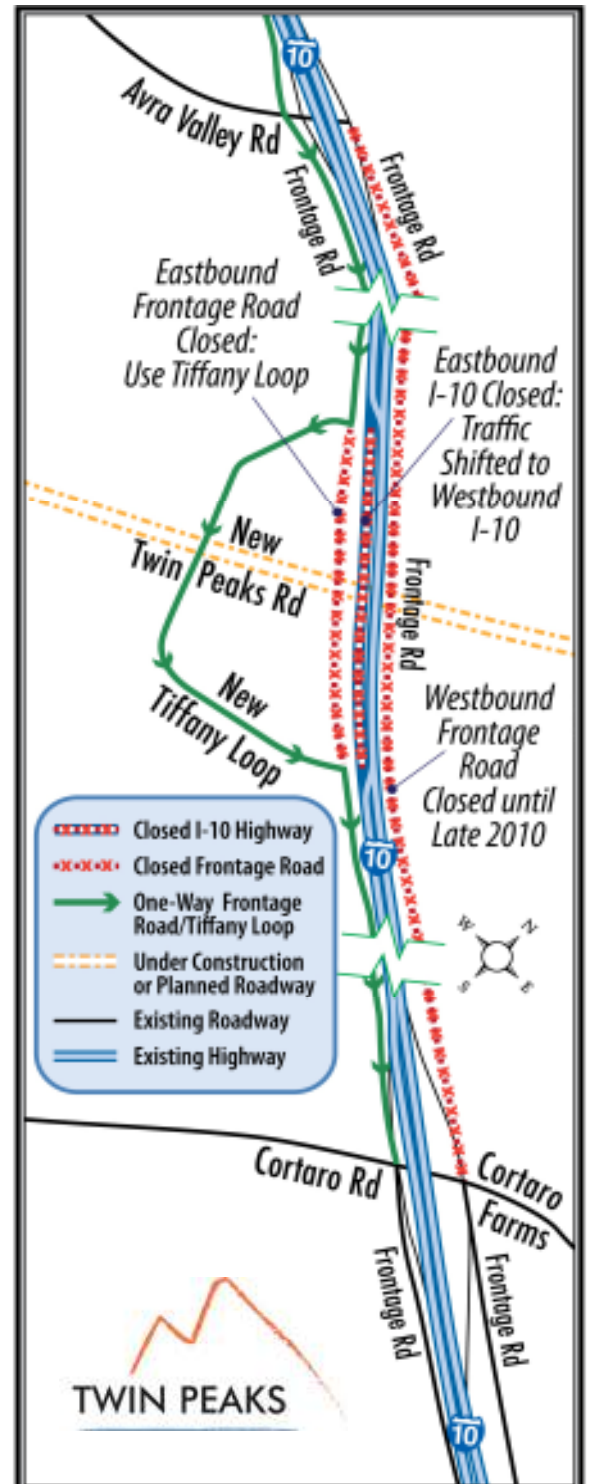

- **CLOSURE:** On Sept. 16 at 10 p.m. through Sept. 17 at 5 a.m. the two left lanes on eastbound I-10 will be closed from Cortaro Road to Avra Valley Road. During this closure, crews replace concrete barrier and reconfigure the eastbound I-10 travel lanes. On Sept. 17 at 5 a.m., eastbound I-10 will reopen as a two lane configuration.
- **TRAFFIC CONTROL/CLOSURE:** Beginning Sept. 18 at 10 p.m. and continuing through Sept. 20, crews will place barriers, install traffic control devices, and stripe the new travel lanes along I-10 in preparation for the Sept. 20 traffic switch. Traffic will be periodically restricted to one lane in each direction.
- **TRAFFIC SWITCH:** On Sept. 20 starting at 5 a.m., crews will begin shifting eastbound I-10 traffic to the new travel lanes on westbound I-10. Westbound I-10 travel lanes will be shifted to the right to accommodate the change. Two travel lanes will be maintained in each direction. The traffic shift will be complete and fully operational by Sept. 21 at 5 a.m.

FRONTAGE ROAD

- **TRAFFIC CONTROL:** A no-passing zone is in effect on the eastbound frontage road from Avra Valley Road to Cortaro Road.
- **CLOSURE:** The westbound frontage road remains closed from Cortaro Road to Avra Valley Road until late 2010. Motorists should use I-10 as a detour route.
- **CLOSURE:** On Sept. 28 at 5 a.m., the eastbound frontage road will close between the two Tiffany Loop access points. Motorists will be detoured to the new Tiffany Loop roadway alignment.

TIFFANY LOOP

- **CONSTRUCTION:** From Sept. 18 through Sept. 26, crews will pave, stripe, and install rear business access driveways along Tiffany Loop. There will be no traffic impacts.
- **TRAFFIC SWITCH:** On Sept. 28, Tiffany Loop will open to one-way eastbound traffic. At this time, the eastbound frontage road will close between the two Tiffany Loop access points and motorists will be detoured to Tiffany Loop. Business access will be provided along Tiffany Loop.

While ADOT strives to inform the public about planned roadway restrictions, during any complex construction project unscheduled closures or restrictions may occur. ADOT appreciates the driving public's patience as it constructs these improvements.
